Chapter 1 by Sci-Fi Pie

"H-hello," said Adam in front of his class. He did this millions of times, yet he never quite mastered speaking in front of large groups of people.

"This is my history project." The worst part was that he could see Daniel sitting in the back seat staring at him.

You may be asking how it happened that Adam had to be presenting a project in front of 5th class of primary school, even though he was a 27-year-old man. And how it happened that Daniel was sitting in a 5th class seat, even though he was 29 years old.

Chapter 3 by Sci-Fi Pie

Adam threw a punch at Daniel, but Daniel moved away just in time. He then picked up a rock and tried to throw it at Adam, but his leg got hooked by Adam, who punched him in the face multiple times before being taken to the ground himself. Daniel got up and ran. There was a gun store just across the street. He broke the glass and took a shotgun.
